

# Stanford Postdoc Fellowship Program

The Taiwan Science and Technology Hub offers a Postdoctoral Fellowship program. The program aims to bring highly promising early-career scientists from Taiwan to Stanford University for a one-year period of study and research. Postdoctoral Fellows will have the opportunity to participate in a wide range of interdisciplinary activities and programs that reflect Stanford's innovative approach to research and education. The program focuses on areas such as **Flexible Electronics, Semiconductor and Quantum Technology, Electronic Materials and Devices, Advanced Manufacturing, Precision Health and Regenerative Medicine, Energy and Sustainable Materials and Devices, and Space Technology.**
